

Confederation of Indian Industry

CII-ITC Centre of Excellence  
for Sustainable Development

## Agenda

Day 1, Thursday, 6 September 2018, Hotel Le Meridien, New Delhi		
1000 -1115 hrs	<p style="text-align: center;"><b>INAUGURAL</b> <b>13<sup>th</sup> SUSTAINABILITY SUMMIT: EVERYONE'S FUTURE</b></p> <p>Opening remarks</p> <ul style="list-style-type: none"> <li>• <b>Mr. Chandrajit Banerjee</b>, Director General, Confederation of Indian Industry</li> </ul> <p>Address</p> <ul style="list-style-type: none"> <li>• <b>Mr Sanjiv Puri</b>, Managing Director, ITC Limited</li> </ul> <p>Address by Guest of Honour</p> <ul style="list-style-type: none"> <li>• <b>Mr. Karmenu Vella</b>, Commissioner for Environment, Maritime Affairs and Fisheries, European Commission</li> </ul> <p>Address by Guest of Honour</p> <ul style="list-style-type: none"> <li>• <b>Mr. Hardeep Singh Puri</b>, Minister for State (I/C) Housing and Urban Affairs</li> </ul> <p>Address by Chief Guest</p> <ul style="list-style-type: none"> <li>• <b>Dr. Harsh Vardhan</b>, Minister for Environment, Forest &amp; Climate Change, Science and Technology, and Earth Sciences</li> </ul> <p style="text-align: right;">Venue: Sovereign</p>	
1115-1245 hrs	<p style="text-align: center;"><b>GLOBAL RISKS &amp; SOLUTIONS</b></p> <p><i>The world is changing fast. Though essential, it is becoming increasingly difficult to keep pace with changes arising as a result of global macroeconomic forces of development that impact business, society, culture and people that define our future. While these forces entail a lot of risks, they also offer opportunities for innovation and for the betterment of everyone's future. Some of these forces include worsening environment, scarcity of natural resources, rapid urbanisation with increasing migrant population, changing economic power and deteriorating human health. These risks offer an opportunity to find solutions around newer products, breakthrough technologies, policy changes and a change in mindset. This Summit focuses on some of these pressing issues together with innovative ways to address them.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Dr. Ashok Khosla</b>, Chairman and Founder, Development Alternatives</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Nitin Desai</b>, Former Under-Secretary General, United Nations</li> <li>• <b>Ms Astrid Schomaker</b>, Director of Global Sustainable Development, Directorate General for Environment, European Commission</li> <li>• <b>Mr. Stuart Orr</b>, Practice Lead, Water, WWF</li> <li>• <b>Mr. B Rajagopal</b>, President, DSM India</li> </ul>	<p style="text-align: center;"><b>PROMOTING BUSINESS ETHICS FOR SUSTAINABLE BUSINESSES</b></p> <p><i>Ethics is an integral part of business operations these days. Companies in today's times are under a lot of public scrutiny. Corruption, bribery, insider trading and discrimination are some of the examples that dismantle and bring dishonour to organisations more often, now, than in the past. An ethical framework is the antidote to several risks which a business can face due to any irregularity related to its operations. The focus of this Summit is to understand how companies today are using the compliance approach to adhere to ethical business practices and how it is equally important to understand the evolving nature of regulations/ laws/ guidance from the lawmakers and governance bodies.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Mr. Amit Vidyarthi</b>, Senior Investigations Counsel, West Asia &amp; ANZ, Nokia</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Martin Kreutner</b>, Dean &amp; Executive Secretary, International Anti-Corruption Academy, Austria</li> <li>• <b>Mr. Neville K Gandhi</b>, Vice President – Compliance, Siemens AG, India</li> <li>• <b>Ms. Shukla Wassan</b>, Executive Director Legal &amp; Corporate Affairs – South Asia, Hindustan Coca-Cola Beverages Private Limited</li> </ul>

	Venue: Sovereign	<ul style="list-style-type: none"> <li>• <b>Ms. Sandhya Sharma</b>, Vice President - Corporate, Governance, Mahindra &amp; Mahindra Ltd</li> </ul>	Venue: Desire
1245-1345 hrs	Lunch		
1300-1440 hrs	<b>CLOSED DOOR ROUND-TABLE: EASE OF DOING BUSINESS IN INDIA</b>		
	<p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Mr. Poul V. Jensen</b>, EBTC Delhi</li> </ul> <p><b>EU REPRESENTATION</b></p> <ul style="list-style-type: none"> <li>• <b>Mr. Karmenu Vella</b>, Commissioner for Environment, Maritime Affairs and Fisheries, European Commission</li> </ul> <p><b>INDIA REPRESENTATION</b></p> <ul style="list-style-type: none"> <li>• <b>Mr. B Rajagopal</b>, President, DSM India</li> <li>• <b>Mr. Vivek Abraham</b>, Senior Assistant Vice President &amp; Co-Head, Global Investor Outreach, Invest India</li> <li>• <b>Ms. Madhulika Sharma</b>, Chief Corporate Sustainability, Tata Steel Limited</li> <li>• <b>Mr. Atul Sud</b>, Director, Legal &amp; Regulatory Affairs, Perfetti Van Melle India Pvt. Ltd.</li> <li>• <b>Mr Raman Ramachandran</b>, Chairman &amp; Managing Director, BASF India</li> <li>• <b>Ms P. Bineesha</b>, Executive Director, IIWM</li> <li>• <b>Mr Philippe van de Donckt</b>, Director – Government Affairs, UMICORE</li> <li>• <b>Mr. Tushar Alekar</b>, Commercial Director, IFAT India</li> <li>• <b>Ms. Marika Jakas</b>, Trade Counsellor European Union Delegation to India</li> </ul> <p><b>60 EU DELEGATES</b></p>		
	Venue: Belvedere		
1345 -1515 hrs	<p style="text-align: center;"><b>CLIMATE CHANGE: EVIDENCE, EFFECTS &amp; SOLUTIONS</b></p> <p><i>Climate Change is affecting everyone on Earth in ways beyond human imagination. Temperature rise is just a quantifiable indicator to measure climate change, but the magnitude of its impact is non-measurable. It is important to understand and discuss the impacts as they project how earth's climate is evolving each day. It is time that we become aware of the available solutions that are being incubated, to counter the threats and warnings related to climate change. The 13th Summit presents diverse views ranging from sharing of best practices by corporates, research findings from academics to climate adaptation work undertaken by development organisations.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Dr. Navroz Dubash</b>, Senior Fellow &amp; Coordinator - Climate Initiative, Centre for Policy Research</li> </ul>	<p style="text-align: center;"><b>CHANGING VALUE OF CORPORATE REPORTING</b></p> <p><i>India is at the threshold of corporate transparency becoming more regulated and stringent. Last few years have witnessed government focus on making corporate disclosures comprehensive and going beyond financial disclosures. The focus of this session will be to give an inside account of their side of the story on the synergies available in various corporate reporting frameworks by representatives from different regulatory and governing authorities along with the investor community.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Mr. Ashok Chawla</b>, Former Finance Secretary, Government of India</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Peter White</b>, Vice-President and Chief Operating Officer, World Business Council for Sustainable Development (WBCSD)</li> </ul>	<p>B2B meetings</p> <p>B2B meetings</p> <p>Venue: Inspire</p>

	<p>Special Address</p> <ul style="list-style-type: none"> <li>• <b>Mr. C K Mishra</b>, Secretary, Ministry of Environment, Forest and Climate Change</li> <li>• <b>Mr Michal Kurtyka</b>, Deputy Minister, Ministry of Environment, Republic of Poland</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Dennis Pamlin</b>, Entrepreneur &amp; Founder, 21st Century Frontiers</li> <li>• <b>Mr Arunavo Mukerjee</b>, Vice President – Advisory Services, Tata Cleantech Capital Limited</li> </ul> <p style="text-align: right;">Venue: Sovereign</p>	<ul style="list-style-type: none"> <li>• <b>Mr. Koushik Chatterjee</b>, Executive Director and Chief Financial Officer, Tata Steel Limited</li> </ul> <p style="text-align: right;">Venue: Desire</p>	
1515-1645 hrs	<p><b>INVESTING IN BIODIVERSITY AND BUSINESS SUSTAINABILITY</b></p> <p><i>Biodiversity underpins the functioning of ecosystems that provides a wide range of services to human society and its loss is a matter of huge concern for its own sake. Businesses also have various levels of impact and dependencies on the biodiversity and ecosystem services. Degradation of biodiversity results into multiple risks to businesses such as increased cost of resources, depletion of water sources, loss of flora and fauna around the project location. In order to address these risks, businesses are slowly and gradually recognising biodiversity as a major factor in their decision-making and have started investing in conservation and sustainable management of biodiversity across all value chain. This investment is supporting them in creating new opportunities and making business more resilient to biodiversity losses from a futuristic point of view.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Dr. Suhas Buddhe</b>, CMD, BioCare India Pvt Ltd</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr Ravi Singh</b>, Secretary General &amp; CEO, WWF-India</li> <li>• <b>Mr R Mukundan</b>, Managing Director &amp; CEO, Tata Chemicals Limited</li> <li>• <b>Mr. K K Sharma</b>, Wholetime Director, DCM Shriram Ltd.</li> </ul>	<p><b>RESPONSIBLE INVESTMENTS</b></p> <p><i>Investors and financial institutions are beginning to understand the impact of an organisation’s unethical behaviour, poor environmental practices and badly-managed supply chain on the organisation’s valuation. This Summit will provide a platform for business conversations to investment firms, corporates, financial services professionals as well as researchers about the impact of responsible investment on healthy and sustainable returns for businesses.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Mr. Prashant Saran</b>, Former Whole -Time Member, SEBI</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Navneet Munot</b>, Executive Director &amp; Chief Investment Officer, SBI Fund Management</li> <li>• <b>Ms. Jessica Fries</b>, Executive Chairman, The Prince’s Accounting for Sustainability Project (A4S)</li> <li>• <b>Mr. Khawar Iqbal</b>, Director, Infrastructure and Real Estate Group, HSBC India</li> <li>• <b>Mr. Abhay Laijawala</b>, Managing Director, Aventus Capital Public Markets Alternate Strategies LLP</li> </ul> <p style="text-align: right;">Venue: Desire</p>	<p style="text-align: center;">B2B meetings</p> <p style="text-align: center;">B2B meetings</p>

	<ul style="list-style-type: none"> <li>• <b>Ms. Anita Chester</b>, Head - Sustainable Raw Materials, C&amp;A Foundation</li> <li>• <b>Mr. T. Rabikumar</b>, Secretary, National Biodiversity Authority (NBA)</li> </ul> <p style="text-align: right;">Venue: Sovereign</p>		Venue: Inspire
1645-1715 hrs	Networking break		
1715-1845 hrs	<p style="text-align: center;"><b>NEXT GENERATION OF SUSTAINABILITY LEADERS</b></p> <p><i>New thoughts and ways of doing business are important for an organisation in order to continue to operate on a long-term basis and ensure sustainable growth. Companies with young and new mindsets drive the engines of economic growth. These new minds talk and believe in disruptive ideas, sustainable ideas, solutions and technologies. Their ideas could cater to millennials that may be poised to become the biggest consumers in the country, with a predictable spending of around \$330 billion annually by 2020.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>TBD</b></li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Ms. Shruti Shibulal</b>, Chief Executive Officer, Tamara Leisure Experiences</li> <li>• <b>Mr. Gaurav Mathur</b>, Head of Business Development (BS), Grundfos India</li> </ul> <p style="text-align: right;">Venue: Sovereign</p>	<p style="text-align: center;"><b>HUMAN RIGHTS: A BUSINESS IMPERATIVE</b></p> <p><i>Businesses can contribute the most to the development agenda of a nation by respecting human rights in their value chains and uplift millions from poverty and abuse. Compliance with national laws is not enough. Businesses need to assess human rights' impacts and mitigate the potential cause to it. Special attention needs to be given to vulnerable groups such as women, children, disabled, LGBT, contract workers, migrant workers, relocated community, and tribal people. This Summit will deliberate on specific actions by businesses, government and institutions towards this cause.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>Ms. Madhulika Sharma</b>, Chief Corporate Sustainability, Tata Steel Limited</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Mr. Phil Bloomer</b>, Executive Director, Business &amp; Human Rights Resource Centre (BHRRC)</li> <li>• <b>Mr. Viraf M Mehta</b>, Independent Human Rights Expert/ Advisor – PIC, BHRRC &amp; CII</li> </ul> <p style="text-align: right;">Venue: Desire</p>	B2B meetings
1900 hrs	Dinner		

**Day 2, Friday, 7 September 2018, Hotel Le Meridien, New Delhi**

<p>0930-1045 hrs</p>	<p align="center"><b>CIRCULAR ECONOMY FOR COMPETITIVENESS</b></p> <p>Opening</p> <ul style="list-style-type: none"> <li>• <b>Mr Chandrajit Banerjee</b>, Director General, Confederation of Indian Industry</li> </ul> <p>Address</p> <ul style="list-style-type: none"> <li>• <b>Mr Yuri Afanasiev</b>, UN Resident Coordinator India, UNDP</li> </ul> <p>Address</p> <ul style="list-style-type: none"> <li>• <b>Mr Rakesh Bharti Mittal</b>, President, CII and Vice Chairman, Bharti Enterprises</li> </ul> <p>Address:</p> <ul style="list-style-type: none"> <li>• <b>Mr Raimund Magis</b>, Charge d’Affairs, Delegation of the European Union to India</li> </ul> <p>Address by Chief Guest</p> <ul style="list-style-type: none"> <li>• <b>Mr Suresh Prabhu</b>, Minister of Commerce &amp; Industry and Civil Aviation</li> </ul> <p align="right">Venue: Sovereign I</p>		
<p>1045-1200 hrs</p>	<p align="center"><b>RESOURCE EFFICIENCY ACTION AND INITIATIVES AT THE STATE AND CITY LEVEL</b></p> <p><i>The session will focus on information exchange for initiatives at the sub-national level, for enhancing RE in the State, and towards supporting the implementation of the RE Strategy released by the NITI Aayog. The EU – India knowledge exchange on national and sub-national implementation of RE and CE frameworks covering promotional and regulatory measures will strengthen the initiatives planned by the selected Indian states.</i></p> <p>Chair and Moderator</p> <ul style="list-style-type: none"> <li>• <b>Mr. B.N. Satpathy</b>, Senior Consultant, EAC-PM, NITI Aayog</li> </ul> <p>Keynote Speaker</p> <ul style="list-style-type: none"> <li>• <b>Dr Ashok Khosla</b>, Founder &amp; Chairman, Development Alternatives</li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Ms Astrid Schomaker</b>, Director of Global Sustainable Development, Directorate General for Environment, European Commission</li> <li>• <b>Dr Rachna Arora</b>, Deputy Team Leader &amp; Coordinator, EU-REI (GIZ)</li> <li>• State representatives from Telangana (TSIIC)</li> <li>• State representatives from Goa</li> </ul>	<p align="center"><b>CLEANER AIR, BETTER LIFE</b></p> <p><i>Cities are economic power houses of any country. Maintaining a clean and healthy urban environment is therefore not just crucial in sustaining economic growth but necessary for us to mitigate the larger issues related to air pollution. Global Burden of Decease study finds that air pollution is a second major risk factor to public health after malnutrition in India. As per the World Health Organisation’s (WHO) report published in 2018, out of the 20 most polluted cities in the world, 14 are located in India. Urban centres in India face a major threat to public health from deteriorating air quality due to large affected population. This session aims to discuss causes endemic to air pollution and what cities can do to contain this massively worrying situation.</i></p> <p>Session Chairman &amp; Moderator</p> <ul style="list-style-type: none"> <li>• <b>TBC</b></li> </ul> <p>Panellists</p> <ul style="list-style-type: none"> <li>• <b>Ms. Anumita Roy Chowdhury</b> Executive Director Research and Advocacy, Centre for Science and Environment (CSE)</li> <li>• <b>Mr Mukesh Sharma</b> Professor of Civil Engineering, Indian Institute of Technology (IIT) Kanpur</li> <li>• <b>Mr. Anant Sudarshan</b>, South Asia Director, Energy Policy Institute, University of Chicago (EPIC)</li> </ul>	<p align="center">B2B meetings</p> <p align="right">Venue: Inspire</p>

	<ul style="list-style-type: none"> <li>• State representatives from Orissa</li> <li>• State representative from Rajasthan Pollution Control Board</li> <li>• <b>Mr Ralph Moreau</b>, Science and Technology Officer, Flanders Investment and Trade Agency</li> <li>• <b>Dr Ramesh Jalan</b>, Senior Vice President Technology Centre, 3Wayste, France</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Dr Puneet Kumar Goel*</b>, IAS Commissioner, South Delhi Municipal Corporation (SDMC)</li> <li>• <b>Mr Saurabh Rao*</b>, Commissioner, Pune Municipal Corporation (PMC)</li> <li>• <b>Mr. Ritesh Kumar Singh*</b>, Joint Secretary, Ministry of Environment, Forest and Climate Change</li> <li>• <b>Mr. Ashish Agarwal*</b>, Cummins</li> </ul>	B2B meetings
<b>CIRCULAR ECONOMY &amp; RESOURCE EFFICIENCY: PARALLEL SESSIONS</b>			
1200-1330 hrs	<p style="text-align: center;"><b>EXTENDED PRODUCER RESPONSIBILITY: PLASTICS &amp; E-WASTE</b></p> <p><i>The Indian government recently renewed two central legislations which seek to regulate the collection, processing and disposal of plastic waste and waste from electrical and electronic equipment (WEEE or e-waste). With respect to the former, the Government of India notified the Plastic Waste Management Rules, 2016 in suppression of the preceding Plastic Waste (Management and Handling) Rules, 2011. With respect to the latter, the E-waste Management Rules, 2016 were introduced to repeal the former E-waste (Management and Handling) Rules, 2011. Notably, both legislations include Extended Producers Responsibility (EPR) as a key policy principle, thus holding producers responsible for the professional collection, treatment and disposal of waste generated as a result of putting novel products on the market (OECD 2018). Though the Indian Government has taken first steps to design and enforce EPR schemes on a national scale, implementation needs to be strengthened in order to achieve an impact on a larger scale. Over almost three decades, EPR has become a cornerstone of effective waste management policies in the EU. Implementation has produced not only a wealth of experience, with a wide range of success stories but also challenges to be overcome. Sharing the lessons learnt and discussing their implications for implementation modalities in India can prove highly</i></p>	<p style="text-align: center;"><b>CIRCULARITY IN MOBILITY – MANAGING EOL AND THE CASE OF ELECTRIC VEHICLES</b></p> <p><i>India's ambition towards becoming an electric mobility economy by 2030 was announced in 2016. In a recent communication by the Ministry of Road Transport and Highways (MoRTH) and NITI Aayog, government announced its aim of increasing the share of electric vehicles (EVs) from its current share of less than 1 percent to nearly 30 percent by 2030. This implies that by 2030, the estimated number of electric two wheelers on Indian roads will be more than 200 million, while cars and buses will be at 34 million and 2.5 million respectively. It is important to recognize that despite many economic and environmental benefits of EVs and hybrid vehicles, there are challenges with regards to availability of material used in manufacturing them and affordability thereof. However, the EVs sector has the potential to create unprecedented opportunities for resource savings along the value chain. This session will focus on trends of resource use, projection for future material demand and the potential for efficiency through the lifecycle of an EV.</i></p> <p><b>Session Chairman &amp; Moderator:</b> <b>NITI Aayog</b></p> <p><b>Keynote speaker:</b> Presentation of Study Findings:</p> <ul style="list-style-type: none"> <li>• <b>Mr Souvik Bhattacharjya</b>, Fellow, TERI</li> </ul> <p><b>Panellists</b></p>	B2B meetings
			Venue: Inspire

	<p><i>valuable in the context of Indo-European cooperation.</i></p> <p><b>Session Chairman &amp; Moderator:</b></p> <ul style="list-style-type: none"> <li><b>Mr Ritesh Kumar</b>, Joint Secretary, MoEFCC (tbc)</li> </ul> <p><b>Keynote speaker:</b></p> <ul style="list-style-type: none"> <li><b>Mr Morton Hemkhaus</b>, Project Manager, Adelphi Consult (EU – REI Sectoral Study Findings)</li> </ul> <p><b>Panellists</b></p> <ul style="list-style-type: none"> <li><b>Mr Chandra Mohan Gupta</b>, Director – Corporate Affairs, Coca Cola</li> <li><b>Mr Anwar Shirpurwala</b>, Executive Director, Manufacturers' Association for Information Technology (MAIT)</li> <li><b>Dr Ashish Chaturvedi</b>, Director - Climate Change, GIZ</li> <li><b>Mr Jan Vlak</b>, President, WEEE Forum</li> <li><b>Mr Joris Lauwers</b>, Supply Manager, Umicore</li> </ul> <p style="text-align: right;">Venue: Sovereign I</p>	<ul style="list-style-type: none"> <li><b>Mr Abhay Dange</b> - Director Press and Corporate Affairs, BMW India</li> <li><b>Mr Ajit Kumar Jindal</b>, Head EV Engineering, Tata Motors</li> <li>ESTELA Portugal, (Consultant)</li> <li>Representative, MARUTI</li> </ul> <p style="text-align: right;">Venue: Sovereign II</p>	<p style="text-align: center;">B2B meetings</p> <p style="text-align: center;">B2B meetings</p>
1330-1445 hrs	Lunch		
1445-1615 hrs	<p style="text-align: center;"><b>RESOURCE EFFICIENCY IN THE CONSTRUCTION SECTOR</b></p> <p><i>Being home to about 1.3 billion people of the world's population, India's construction market is projected to grow at a rate of 7-8 % in the next decade and is likely to become the world's third largest by 2022 (Global Construction Perspectives and Oxford Economics 2013). Currently, economic activities in this sector are based on a linear take-make-dispose logic. Fuelled by an increasing population, a growing middle class and a wave of urbanisation the majority of this growth is expected in the residential sector where construction demand is predicted to increase more than fourfold by 2030 from its 2005 level. To meet this growth, a huge volume of material will be required. Sand (concrete and mortar), soil (bricks), stone (aggregates), limestone (cement) and iron and steel (bars and rods) are the most intensively used materials for building and construction purposes. Some of these materials are already facing scarcity issues. The extraction</i></p>	<p style="text-align: center;"><b>CIRCULAR ECONOMY &amp; SOLAR SUPPLY CHAINS</b></p> <p><i>Renewable energy, and in particular solar energy, will play a very important role towards achieving sustainable energy for all. In 2010, India launched the renewable energy program-'Jawaharlal Nehru National Solar Mission (JNNSM)', with an objective of deploying 20,000 MW which was revised to 100,000 MW by 2022, of which 60000 MW is grid connected and 40000 MW is rooftop solar. This will require supply and use of newer materials for manufacturing different solar PV technologies while maintaining cost competitiveness in the sector and, resource efficiency is key to achieving these objectives. The PV sector has the potential to create unprecedented opportunities for resource savings along the value chain. Process innovation will reduce primary demand of resources. Further, efficient recycling can help in recovering these materials, thereby achieving material security. This session will focus on the Solar PV sector with a focus on understanding resource efficiency</i></p>	<p style="text-align: right;">Venue: Inspire</p>

	<p><i>and use of these materials also have associated environmental and social impacts. Therefore, it is important to understand the flow of these materials in the market in order to identify points where interventions on resource efficiency can be made.</i></p> <p><b>Session Chairman &amp; Moderator:</b></p> <ul style="list-style-type: none"> <li>• <b>Mr Nikunj Sundaray</b>, Joint Secretary, Ministry of Environment, Forests &amp; Climate Change</li> </ul> <p><b>Keynote speaker:</b></p> <ul style="list-style-type: none"> <li>• <b>Mr Mikael Henzler</b>, Managing Director, adelphi consult (EU – REI Sectoral Study Findings)</li> </ul> <p><b>Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Mr V. K. Chaurasia</b>, CPHEEO, Min. of Housing &amp; Urban Affairs (tbc)</li> <li>• <b>Mr Sreedhar Pandya</b>, Sustainability Advisor, DNP Infrastructure</li> <li>• <b>Mr Sandeep Srivastav</b>, Head – Environment and Sustainability, Ambuja Cement</li> <li>• <b>Mr Petr Marek</b>, Director – Business Development, ERC Tech</li> <li>• <b>Dr Mohamed Osmani</b>, Programme Director-Architectural Engineering and Design Management, Loughborough University</li> </ul> <p style="text-align: right;">Venue: Sovereign I</p>	<p><i>issues and exploring its potential for India.</i></p> <p><b>Session Chairman &amp; Moderator:</b></p> <ul style="list-style-type: none"> <li>• <b>MNRE Representative (tbc)</b></li> </ul> <p><b>Keynote speaker:</b></p> <ul style="list-style-type: none"> <li>• <b>Dr Suneel Pandey</b>, Director, TERI</li> </ul> <p><b>Panellists</b></p> <ul style="list-style-type: none"> <li>• <b>Mr Sujoy Ghosh</b>, Country Head-India, First Solar</li> <li>• <b>Mr Ashish Khanna</b>, CEO &amp; ED, TATA Power Solar Systems Ltd.</li> <li>• <b>Mr Sunil Jain</b>, CEO &amp; ED, Hero Future Energies Pvt. Ltd.</li> <li>• <b>Ms Anandi Iyer</b>, Director, Fraunhofer Office India</li> <li>• <b>Mr Luca Meini</b>, Head of Circular Economy &amp; Environmental Strategies, ENEL</li> </ul> <p style="text-align: right;">Venue: Sovereign II</p>	<p style="text-align: center;">B2B meetings</p> <p style="text-align: right;">Venue: Inspire</p>
1615-1630 hrs	Networking Break		
1630-1730 hrs	<p><b>EU – India Circular Economy mission - Concluding Session</b></p> <p><b>Chief Guest: - Mr Ratan P. Watal, Principal Adviser, NITI Aayog and Member Secretary to EAC-PM</b></p> <ul style="list-style-type: none"> <li>• <b>Ms Astrid Schomaker</b>, Director of Global Sustainable Development, Directorate General for Environment, European Commission</li> <li>• Representatives of EU and Indian Businesses</li> <li>• <b>Ms. Seema Arora</b>, Deputy Director General, Confederation of Indian Industry (CII)</li> <li>• Address - Mr A K Jain, Additional Secretary, MoEFCC</li> <li>• Concluding Address by Chief Guest – Mr Ratan P. Watal, Principal Adviser, NITI Aayog and Member Secretary to EAC-PM</li> </ul> <p style="text-align: right;">Venue: Sovereign I</p>		
1730 onwards	<b>Hi-Tea</b>		

**Day 3, Saturday, 8 September 2018, New Delhi**

**Exposure Visit: IL&FS Construction & Demolition Waste Recycling Plant, New Delhi**
